The Pepperell Sheet has as a definite aim the promotion of good will and better acquaintance in the great Pepperell family.

This Waste Business

It is difficult to estimate the yearly loss in wages to employees in the greater industries of America which is due directly to waste. That it is enormous is beyond dispute.

The 100 per cent efficient plant and organization is indeed rare. In fact, it would be difficult to establish a standard by which to pass judgment. Possibly there "never was such an animal." But when we start to talk about waste we have a horse of a different color. Waste is something which we can see all about us if we will use our eyes, and we might, indeed, establish a standard by which we can say this plant is 80 per cent waste efficient or that plant is 90 per cent waste efficient.

We read that in a recent efficiency report covering one of the dressing plants of a great Chicago meat packing concern there was an item which censured the foreman of a certain house. Every part of the animal is used for some purpose—the meat, the hide, the bone, the stomach, the liver, etc.—and in this particular report the foreman was unable to account for one cow's stomach. Possibly nature had cheated some brown-eyed bossy out of a stomach, but the point to be noted is that the desired 100 per cent efficiency was not attained by the foreman. There's the meat business for you.

In Europe there is a tendency to exactness and economy which impresses the visitor. If the European textile industry can manufacture more economically and with less waste than we can right here in New England, and, for our purposes, with Biddeford in particular, we claim the right to make this our business. Possbly we can take a reasonable amount of pride in ourselves and say: "We have more 'pep.'" We might say, "We are more resourceful and we'll find a way." But at the same time we should ask ourselves the question, "Will our resourcefulness and aggressiveness offset the efficiency which is theirs?"

What wonders we can work right here at Pepperell if we can bring together their efficiency and the Yankee go-get-tiveness which is at our hand.

As a first step let's get a grip on this waste business. The countless ways in which we can help do not need to be put down in black and white. We know what they are from long experience in the mill. It is our duty to ourselves and the company for which we work to put forth our best efforts and help to solve this vital problem which confronts us all. It does not mean additional effort but just a practical application of the efficency which we daily practice in our own homes. If we can't have it 100 per cent let's make it ninety-nine!

It was the writer's privilege to pay a visit to Saint John, New Brunswick, and vicinity during the past month. The scenery of the country to our north is very beautiful and a delight to the tourist. Broad and glistening, the Saint John river marks its course to the sea, and along its banks wind good roads and quaint farm buildings.

But no less remarkable than the natural attractions which the Maritime Provinces offer the visitor is the atmosphere of courtesy with which he is greeted on every hand. Much real progress is being made in educating the people of the various communities to the importance of leaving a good impression, but it is the writer's opinion that the consideration shown was wholly natural.

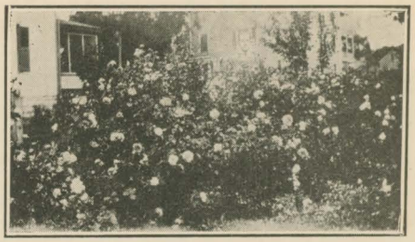
As residents of Maine, the Playground of the Nation, we can take a page from the book of courtesy which is unfolded to the stranger in Canada. If it is an influence reflective of the Old World gallantry, which seems to be so rapidly passing, we can do well to imitate it.

This paper is very glad to print photographs and snapshots which may be turned in by our employees. We want to get a lot of them for the September issue. Doubtlessly there are many vacation pictures which should appear in the pages of the Sheet. Get a printed record of your interesting pictures and send it to your friends out of the state. They will be glad to see your photo on the printed page.

The hot weather has called for frequent use of water in cooling the atmosphere around the mills. The good work done by Mr. Welch's department is much appreciated in the rooms.

The railroad industry of the United States is 100 years old, and many stories lately have been printed about its rapid development. One good yarn has to do with the request in 1828 of a lecturer for the use of the school house at Lancaster, Ohio, for the purpose of discussing the possibilities of rail transportation. The school board denied the lecturer's request in the following letter:

"You are welcome to use the school room to debate all proper questions in, but such things as railroads and telegraphs are impossibilities and rank infidelity. There is nothing in the word of God about them. If God had designed that His intelligent creatures should travel at the frightful speed of 15 miles an hour by steam he would have foretold it through His holy prophets. The railroad is a device of Satan to lead immortal souls down to hell."



The beautiful roses which grow about the home of William Smith have called for expressions of wonder on the part of those who have seen them. Mr. Smith's son Francis appears in the picture.

Pepperell Smocks.

Through the courtesy of Agent Whitehead smocks are being made for the girls of the office force. Lady Pepperell colored sheeting is being used, the colors being orchid, pink and green. Mrs. Euphemia Ladd of the cloth room is making the smocks and hopes to have them ready to use some time this month.

The girls are greatly enthused at the idea of wearing Lady Pepperell smocks and of the opportunity to help advertise our products.

Celebrate Mrs. Eon's Birthday.

The second of a series of visitations to Clark's Camps at Kennebunk Pond was in the nature of a birthday party in honor of Mrs. Elizabeth Eon, a popular employee of the main office.

On arriving at the camp a sumptuous supper was served, followed by a sail on the water.

Mrs. Eon was presented with several gifts for the occasion, and expressed her appreciation in a very pleasing manner.

The party broke up at a late hour and Mrs. Eon was extended best wishes for happiness on her birthday.

Guests at the party were: Mr. and Mrs. Ralph Smith, Mrs. Esdras Landry, Mr. and Mrs. Raymond Landry, the Misses Emma, Agnes and Ellen Kearney, Eleanor Meserve, Ethel Wentworth, Connie Hartley, Gladys Hamel, Lucille Dion, the Messrs. Raymond Clark, Roland Lemire and the guest of honor, Mrs. Elizabeth Eon.

Cool and inviting, the waters of Kennebunk Pond afford fine fresh water bathing.

Third Annual Field Day to be Held Saturday, September 1st.

All set for the third annual field day at Pleasant Point! Yep! We're goin' ter hev it!

On Saturday, September 1st, we're all journeying up to Buxton for a good time. Pleasant Point, with all its natural beauty, awaits our will and pleasure!

This annual event is looked forward to by all Pepperell folks. The fine times enjoyed in past years leave many pleasant memories with us. We all want to plan to be there.

At the present writing the plans are not completed, but the following facts are made known by President Amedee Hamel of the Social and Athletic club and the committee in charge.

First of all, it is thought best that this year we carry our own lunches. Just a real, old-fashioned picnic. If some of us would prefer to buy our lunches there will be plenty of food on sale at the grounds. Harry Cavanaugh will be all supplied with eatables at his stand in the mid-way. However, hot coffee, and all you want of it, will be furnished free during the day.

All food will be sold at the lowest possible cost, for example: Potato chips will be 5c per bag, hot dogs 5c, tonics 5c, doughnuts 2 for 5c, ice cream 5c. In addition to this there will be pastry, fruits, sandwiches, candies and everything you want to eat.

Sporting events will be carried out in an interesting way as usual. There'll be something doing every minute. The details will be furnished later in a special bulletin to be posted in the rooms.

Special guests and speakers for the day will be Congressman Carroll L. Beedy, Mayor George C. Precourt of Biddeford, Mayor Willis T. Emmons of Saco, Treasurer Russell H. Leonard, Agent Whitehead and other mill officials.

Transportation will be furnished free as usual and along the same lines as previous years. The big trucks will help to get the crowd there and all who have a spare seat in their machine are requested to "fill'er up" at the garage entrance on Lincoln street.

Watch for the notices to be posted shortly on the bulletin boards! Plan to be at Pleasant Point on Saturday, Sept. 1st!

Enjoy Outing

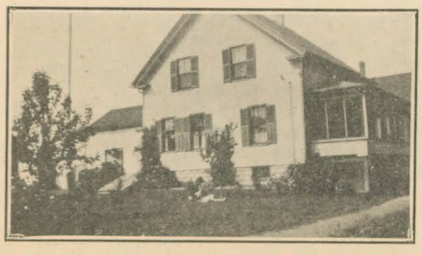
The second semi-monthly outing by the office force was enjoyed on Monday evening, July 23rd, at Ossipee Lake in the camp operated by Joshua Harold Libby.

Transportation was provided by cars owned and operated by Ralph Smith, Raymond Landry, Raymond Clark and Prescott Howard. All cars except that of Mr. Clark made the trip on schedule time. The Chevrolet required two hours. The cause is not known but the passenger was Connie Hartley.

At 6 o'clock a box lunch was utilized followed by two glasses of lake water. Directly after this hearty meal, motor boating and canoeing was enjoyed by those who were so interested. The marathon dance was won by Gladys and Sir Libby. The distance covered was between the kitchen and the piazza. The time was evening. A prize of a hole-less doughnut was given the winning couple.

Swimming was next enjoyed. Mrs. Eon and Miss Hamel in their usual form and dignity were at a premium. Raymond Landry was high runner in the floating contest, winning by one stomach. Mrs. Georgia Smith claimed that the judges were unfair in their decision.

Later in the evening ice cream and tonics were served to those who were in calling distance. Following the "eats" the party broke up, all agreeing that Mr. Libby, Esq., was a perfect host. The party included Mrs. George Eon, Mr. and Mrs. Ralph Smith, Mrs. Dakin Smith, Mr. and Mrs. Esdras Landry, Mr. and Mrs. Raymond Landry, Gladys Hamel, Constance Hartley, Raymond Clark, Prescott Howard, Seldon Emery, Otis Keith and Harold Libby.



This is the home of William Smith, our boss painter, on Hill Street Biddeford. We are always glad to get pictures like this.

UNDER THE DRAGON'S EYE

One day when Manuel Soucy was in school the teacher asked him to write a composition. "Don't write anything you've heard or seen before. Write just what's in you!" she said.

Manuel wrote: "Inside of me there's a heart, a liver, two lungs and a stomach. Inside my stomach there's some tomatoes, some spaghetti, some garlic, three slices of bologna and four smoked herring."

Mrs. Hill: "I wish you were as careful a driver as George Miles. He obeys all the traffic laws, never goes over the speed limit, and ....."

Al: "Yes, and the other night he stopped in front of a red lantern on a fire alarm box and waited two hours for the signal to turn green!"

The Dragon has gleaned the following from reliable sources. It seems that Ellery Bryant has frequently expressed the desire to increase the length of his garage in order to properly accommodate the Studie. The desired end was recently attained when he got his shift lever tangled up and backed out, taking the entire end of the building along on the spare tire. When approached regarding the matter Ellery replied: "Economy, man, economy. Now I don't have to pay a carpenter $1.00 per hour to do the same job!"

Well, Alfred Street has been a donation to the town. From the far stretches of that marvelous piece of cement road came a young man to the Pepperell office. His many escapades were brot to a climax last week when he rushed frantically into the Employment office demanding an explanation for the sudden disappearance of his low-slung Essex. He did not receive the information wanted, and a thorough search failed to produce the buzz wagon. Suddenly his eagle eye rested on a familiar object adjacent to the postoffice. Could it be possible? Did his eyes deceive him? NO! There was the puddle jumper resting peacefully in the middle of the road where he had left it on his last trip for the mail.

This fine picture of the two mayors of the two Bid-d-efords, of England and the United States, with Miss Goaman and Mrs. Precourt, was taken after the presentation of the key to the city. This is shown on the speaker's stand. From left to right we have the Mayoress, Miss Goaman; Mayor Goaman of Bideford, Devonshire, England; Mrs. Precourt, and Mayor Precourt of Biddeford, Maine.

LOCAL SPORTING NEWS

KERWIN TWOMEY.

Lady Pepperell Wins

The Lady Pepperell bowling outfit, always ready and willing to accommodate any local team that wants a good idea of how to bowl a winning game with the tall timbers, met Captain Bill Sevigny and his Joe the Clothier Five at the Cleaves alleys, Old Orchard, Wednesday evening, July 18, and plastered a 12-pin defeat on the team. It was more of a practice game than anything else for the Lady Pepperell boys, as they had not thrown a ball down the alleys for a number of weeks. With the Pepperell boys in fine fettle what would have happened? Hodga featured for our boys, while A. Dickerson did the best work for the clothing clerks. The scores:

JOE THE CLOTHIER CO

T. Kyrcou	84	79	78	241
A. Dickerson	87	139	95	321
E. LeBlond	88	85	77	248
V. Guertin	84	89	90	263
W. Sevigny	88	89	90	267
	431	479	430	1340

LADY PEPPERELL

G. Keene	95	94	82	269
M. Goodwin	91	82	84	257
Jordan	95	85	90	270
C. Keene	98	84	87	269
Hodga	93	100	94	287
	470	445	437	1352

Four to One Jinx

Our Pepperell team certainly has a jinx in a 4 to 1 score with the Kennebunkport team pushing Mr. Jinx plenty. The 'Port team won from the Pepperell team in a game at the Kennebunkport grounds Wednesday afternoon, July 18, by a 4 to 1 score. The Pepperell team held a 1 to 0 lead up to the sixth inning, when Vachon made a bad throw and allowed the 'Porters to go into the lead, while the local team was unable to score again after the first inning.

Although the Pepperell outhit their opponents six to five, they were unable to hit together after producing the lone run in the second frame.

Vachon struck out 12 and during the first part of the game had the 'Port team well in hand, allowing them to bunch their hits to count in the scoring. H. Laflamme, rightfielder of the 'Port team, found Vachon for three safeties, but was the only member of the team to connect safely more than once.

The game was well played, the 'Port team being charged with but one error and Pepperell having four misplays.

Bouthot and St. Amand turned in doubles for the only extra base hits.

The scores:

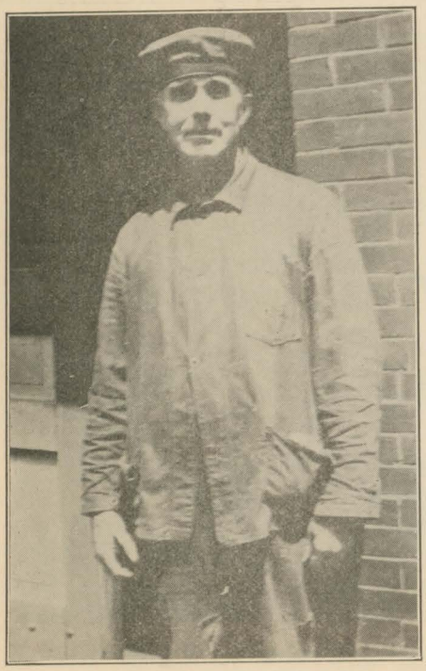
KENNEBUNKPORT

	AB	R	H	A	E
Gustafson cf	4	0	0	0	0
A. Laflamme 2b	4	0	0	1	0
McCullum 3b	3	2	0	0	0
E. Laflamme c	5	1	1	0	1
St. Amand ss	4	1	1	3	0
H. Laflamme rf	4	0	3	0	0
Walker 1b	3	0	0	0	0
McCann, lf	3	0	0	3	0
Waldlow p	3	0	0	3	0
Totals	33	4	5	10	1

PEPPERELL

	AB	R	H	A	E
Cote lf	4	0	1	0	0
Emery ss	4	0	1	3	1
Staples cf	4	0	1	0	0
Hickey 1b	4	0	0	0	0
Bouthot 3b	4	1	1	1	1
Binette c	4	0	1	0	0
Marchand 2b	3	0	0	0	0
Shevenell rf	4	0	0	0	1
Vachon p	3	0	1	1	1
Totals	34	1	6	5	4

Two-base hits, Bouthot, St. Amand; hits of Vachon 5, off Waldlow 6; sacrifice hits, St. Amand; double plays, St. Amand to Laflamme to Walker; left on bases, Pepperell 6, Kennebunkport 5; bases on balls, off Vachon 2; struck out by Vachon 12, by Waldlow 6; umpire, A. Goudreau.



Hugh McGarrity is shown here as he would have looked if he were a German prisoner of war.

The Jinx Still Working

The Velmos of Sanford came to Biddeford, Saturday afternoon, July 21, and met the Pepperell outfit in a game of baseball at Prospect park. It was another tough game to lose, with Ted Shevenell pitching swell ball, and should have had a victory. Sanford took the big end of a 4 to 1 score. The score was so close that a hit at the right time in three or four different innings might have changed the result of the game, but the Pepperell were not able to produce the punch. Both teams were even in hitting, Sanford finding Shevenell for nine hits and Pepperell getting to Peterson of the visitors for the same number.

The Pepperell were able to score but once, when Bouthot opened the seventh with a hit and Binnett also came through, after two had been retired.

The fielding of both teams was good, Sanford having only two errors and the Pepperell five, which did not figure in the scoring.

Barney Farrell was the big gun in the Sanford attack with three safeties, one of them a double. Cote and Emery were the only local players to hit safely more than once.

Both teams turned in some excellent fielding features to please the crowd.

The summary:

SANFORD

	AB	R	H	PO	A	E
Harmon 2b	4	2	2	3	2	0
Libby lf	4	0	0	4	1	0
B. Farrell ss	4	1	3	0	0	0

	AB	R	H	PO	A	E
Cote rf	4	0	2	0	2	1
Emery ss	4	0	2	3	0	2
Staples cf	4	0	1	2	3	0
Hickey 1b	4	0	1	6	3	0
Bouthot 3b	4	1	1	2	3	1
Vachon lf	3	0	0	2	2	0
Marchand 2b	3	0	1	2	1	1
Binnett c	3	0	1	10	3	0
Shevenell p	3	0	0	0	2	0
Totals	32	1	9	27	19	5

Two-base hits, G. Farrell, Peterson, B. Farrell, Harmon, Marchand; bases on balls off Shevenell 1, off Peterson 2; strike outs by Shevenell 10, by Peterson 7; stolen bases Pinkerton, Emery 2, Hickey; umpires, O'Rourke at plate, Lombard on bases.

Great Boxing Show

The boxing show at White's hall, Old Orchard, Friday evening, Aug. 3, demonstrated that the fans want boxing and a large crowd attended the show and above all were more than pleased with the card

We think Shorty Po.ier would make a first class prisoner of war.

HEARD ABOUT THE PLANT

Clark's Camps at Kennebunk Pond.

staged by Promoter Tom Travers. Every number on the card was of the exciting order and especially the main bout between Tommy Lemieux and Pecker Martin, the latter a member of Tom Travers' stable. This bout between Lemieux and Martin, both local flyweights, has not been equalled by any bout put on in these parts in a great while.

Both Martin and Lemieux went after a win and showed a willingness to mix things from the opening to the closing of the bout. Lemieux led in some of the rounds and Martin just as much in the others. According to a number of the fans, Martin took the first, second and last rounds, while Lemieux had a decided advantage in the third, fourth and fifth and his supporters say he won. Martin was strongest in the last round.

The fans seemed to be of the opinion that a draw was about the best that could be given. Lemieux showed wonderful generalship and outboxed Pecker at times.

The other bouts on the card were no less interesting than the main go. In the semi-final Al Bergen of this city won by a big margin from Kentucky Ferguson of Lewiston. Both are big boys, but were full of action and provided the fans with a bout that fitted well into the card with the main go. Bergen dropped Ferguson for a count of nine in the fifth, but the Lewiston darky was able to stay to the end of the bout.

The only knockout on the card came in the bout between Young Russell and Young Sharkey, the latter taking the nap in the third round of what was to have been a four-round bout.

Young Chase and Spud Murphy went four even rounds in one of the preliminaries and Young Pepin and Babe Lemieux were even in the other, both bouts being lively and interesting.

Promoter Tom Travers was greatly pleased with response of the fans for the first bout of the season at the Old Orchard hall and plans to put on more good shows.

Sport Notes

The Pepperell baseball team is to play one day at the Cornish fair.

North Berwick town team has been signed for two games on Labor Day, one at North Berwick in the morning and the other at Prospect park in the afternoon.

The Sanford teams are angling for games with Pepperell the next few weeks.

Ted Kid Drew is certainly going good as a boxer.

Pecker Martin made a great showing against Tommy Lemieux, who is one sweet boxer. Pecker says the next time they meet it will be a different story.

There are a number of good boys in the Pepperell mills who have taken up boxing and are working out with Tom Travers with the idea of seeking bouts. The success of Duke Menard, Ted Kid Drew and Pecker Martin has got many of the Pepperell boys interested.

Marie Vaillancour of the Weaving Department. We are glad to print this fine picture of Marie.

CARDING

By YVONNETTE LAMIRANDE.

Alpha St. Pierre has left our department.

One evening very recently we had an extra high run of tide and of course we all wondered what caused it. The next morning Blanche Fortin told us she had been in bathing during the previous evening at one of the local beaches.

We wish Aime Desrochers would tell us just what kind of soap he uses to keep that charming "School Girl Complexion."

From all accounts we hear Alphonse Fortin must have passed a very happy birthday catching fish. Alphonse caught so many trout that he got excited and forgot to bring his shoes home. Many happy returns of the day, Alphonse.

CLOTH ROOM

By PEARL MURPHY.

Walter Brown is very fond of fruit and it is a known fact that peaches are his favorite dish!

Ruth Davis spends all her leisure hours picking blueberries. If a contest for fast picking were held Ruth sure would win the honors

Grace Jamieson is with us again after being out several weeks on a vacation.

Molly Mahoney was the lucky girl She won the chocolates!

Willie Morris certainly has artistic taste when it comes to picking out ties. They are very becoming, Willie. Very becoming!

"You know, I think that Alec is the most efficient man I know."

"How's that?"

"In order to save on his laundry bill he hides his socks in the pocket of his pajamas!"

Al—You say that Caesar was murdered while solving riddles?

Cohol—Yes. Brutus said: "Watch me stick him with a couple of good ones."

We are all pleased to have Lena Payheur with us again. Lena spent several weeks at Laughing Loon Camp and reports a very pleasant time.

Annette Bertrand spent ten weeks in Canada visiting the places of interest

OFFICE NOTES

By MOLLY FYED.

The following quotations are the result of a season of hot weather:

Connie Hartley: The reason why canoes are safer lies in the fact that they never tip over on the rocks.

Georgia Smith: The best riding of all makes of cars is the NASH.

Gladys Hamel: Swimming should be compulsory for every girl. The gentle dip when one gets all wet is most refreshing.

Eleanor Meserve: Of all outdoor sports, rowing is my favorite.

Marie Micknowich: IF I get married I shall forever and all times keep supplied with club sandwiches.

Dorothy Wilcox: I'm naturally a good cook, but just give me some Pine Point clams to fry!

Sully's name should be changed to Sally to match his striped blue and white blazer.

Visitor (at mill): "Why do they still continue to operate the engine room with all this water available?"

Marie Rose Roy is also employed in Weaving. We'll say that Marie has picked out a good cool looking spot at any rate.

An Exceptionally Fine View of Pepperell as It Looks Today.

Ray Clark: "Oh, that's to furnish power to the water wheels!"

Miss Theresa County of Saco has been temporarily employed in the Counting Room.

Roland Lemire has resumed work after enjoying a week's vacation.

We all know now that boating is Eleanor's pleasure.

Seems to us that we are getting stale. No party planned for this week. Let's blame it on the weather man.

SPINNING

Spinning-185

By LUCIENNE PELLETIER.

Miss Clara Caron has left us for a year's vacation at St. Ferdinand de Halifax. Hope she will have an enjoyable twelve months.

Miss Yvonne Corriveau of this department has returned from a trip to Canada, where she visited relatives and friends. We hope you had a nice time, Yvonne.

Mrs. Delvina Gerard, a former employee of this department, is the proud mother of a baby boy. We extend congratulations, Mrs. Gerard.

Mrs. Emelia Desmarais has returned to her home after receiving treatment at the Webber hospital.

ROOM 55-B.

Arthur Nichols, second-hand of the winding and warping room, is the proud father of a little boy born recently. Mr. Nichols, you will notice, has a snap shot of a little girl in this month's Sheet.

Fabiola Ledoux is giving Julia Welch swimming lessons at Kennebunk pond and it is said they may yet enter the Olympics.

Rena Roberge, accompanied by her mother and father, motored to Cambridge, Mass., recently, where they visited a daughter and sister, Miss Aldea Roberge, who is a student at the St. Elizabeth hospital training school for nurses.

Bruno Belanger is the king blueberry picker in these parts. He generally takes a wash tub when he goes after them and returns with it full to the brim. He has a private blueberry patch where the berries fall into the tub, they are so plentiful. Next time Laurent Deny, another blueberry king picker, goes after them he says he will make Bruno prove whether they are any more plenty at his place than on the plains where he fills several eight-quart pails every time he goes.

Laura Dubois was called to Canada by the death of a relative.

Very sorry to lose our bookkeeper, Miss Yvette Carrier, who has accepted a similar position in the Saco-Lowell shops. We wish Miss Carrier all kinds of good luck in her new position.

Mrs. Celina Trembley left Aug. 13 for Canada, where she visited her daughter, Miss Yvonne Trembley, who is at one of the convents studying to become a nun. Miss Yvonne, at one time employed in Room 55-B, was a very efficient employee and highly esteemed by all her co-workers. Another daughter of Mrs. Trembley, Miss Rose Helen, accompanied her and entered the same convent to study to become a nun.

John Galvin has moved from the lower end of the city to Saco in order that he might benefit by a good long walk before taking up his duties in Room 55-B. York hill up and down is a good place to get in condition. Mr. Galvin will be missed in the political game in Biddeford, but he will be a big gain to Saco.

Miss Alphonsine Nichol is the bathing queen of the Mt. Vernon street bathers. If you could only see her do her stunts in the big Atlantic at the beach. A look at her arms and face is enough to say that she certainly got one sweet sunburn.

Jimmy Henchy was an interested spectator at the Democratic meeting in City Square recently.

Ora Moore and Viola Lantagne have been elected bathing queen's of Room 84-A. They do not miss a chance to take a dip and how they like those breakers.

This is a fine picture of Rose Goulet and Marie Vaillancour. They are employed in weaving. We were very glad to get it and hope that they will tell their girl friends to send their photos in to us.

ENGINEERING

By ELLERY BRYANT.

"Al" Hill, the genial six-footer of the pipe shop, and three friends, Charlie Leach, Bob Jordan and Joe Haley, took their lives in their hands, kissed a fond farewell to their better half of the combination and started for Quebec on the 10th of the month and returned the 12th. The trip was made in Mr. Hill's 1916 Hudson, and with the exception of aching backs, caused by the rough roads, and aching heads caused by the strong sun and atmospheric conditions, the party reports a wonderful time which included visits to some very interesting and historic places.

Clarence Ellis spends the week-ends touring Maine, and reports finding a new and interesting place each time.

Joe Charbonneau was down at the turbine house the other day and asked Fred Johnson if it was hot down stairs. "Hot?" questions Fred. "Say, feller, someone opened the door to H—— and forgot to shut it."

Carl Hall, Pepperell's song-bird, was presented with a Buick sedan a short time ago. Mr. Leland Maynard, Saco Traffic Officer, and State Police, please take notice.

Understand from fairly reliable sources that James Smith of the electrical department is soon to be appointed to the state board of health.

Mr. and Mrs. Harley Johnson and daughter, Elaine, enjoyed a week at Camp Ellis during the month of July.

The time for the county fairs is fast approaching and many of the boys have already made plans to attend two or three of them.

"Al" Hill went fishing a while ago. We had a picture of his catch but were in-

Ralph Smith and Fred Ham all set to go. Ralph is a second-hand and Fred is an orator. Otherwise we like 'em both!

formed by the photographer that it was too small to reprint and be visible to the naked eye.

Arthur Day is an ardent admirer of jewelry.

Charlie Leach and Fon York are eagerly waiting for the chilly atmosphere of fall. The above named gentlemen have promised a venison dinner to the engineering department which will be served in Pepperell Hall. Arguments are getting hot as to who will shoot the deer for them.

Well, well! Bozo is wearing a wrist watch with a cute little pink ribbon and all the other doo-dads! Will some of you girls kindly contribute a powder puff and thereby make the transformation complete?

A gang of workmen engaged on a tall structure dropped a pulley. The pulley fell the last half of the distance to the ground in one second. How far did the pulley fall?

Carl Hall, the Irish tenor, crossed his legs on the engine room steps the other day, lubricated his Adam's apple and burst forth with the following song. It was sung to the tune of an old Irish ballad which Carl picked up on his last trip to the old country.

August

"I am the virgin, and my vestal flame
Burns less intensely than the lion's rage;
Sheaves are my only garlands, and I claim
The golden harvest as my heritage."
—Longfellow.

The new color combinations being used in repainting the different parts of the mill are indeed a welcome change.

WEAVING

Room 21-B

By DORA SHERWOOD.

Phil Hevey, our second-hand, had a very amusing experience with three little dogs but I dare say the owner of the dogs was anything but happy. Ask Phil!

Patsie, our popular shaftman, causes Mr. Sawyer much sorrow as he just cannot be kept away from the ladies. Patsie—you know that women and work do not mix very well!

Joseph Bossonneau says he is dieting, but gee! If eating two cream rolls, three bars of chocolate and a piece of cake every time the lunch cart comes around makes him any thinner I'm going to try it for I certainly do love sweet things.

Some people can qualify for more than one kind of work. So if the Studebaker Company desires a strong advocate for their car, as a salesman, I suggest Mr. Sawyer.

SUNNY SKIES

I'm so happy, happy, happy,
Aren't you?
I just love to grin and laugh,
Don't you?
Where's the fun in being blue,
Be a man, strong, brave and true,
God is watching over you,
Cheer up, and smile, because—
I do!

Room 13-2

By JEANNE CANTARA.

Everyone in the room welcomes Jimmy back to work again after his long absence because of sickness.

Ask the warp man, E. Dubois, why he insists on coming in early noontimes and disturbing the peace!

Laura Richards met with an accident recently and suffered a broken arm. She is greatly missed by her co-workers of the department and we hope she will have a speedy recovery.

COTTON DEPARTMENT

By EDWARD CHARBONNEAU.

John Sullivan is working at Old Orchard for a few weeks. We wonder what made

CLAIRE CELESTE NICHOLS

Daughter of Arthur Nichols, Second-Hand 855 Warping and Winding. Claire's picture was printed by error on page 13 over the name of Charlotte, daughter of Mr. Fred White of the Bleachery.

Rose Goulet is evidently all ready for a little shopping trip. Of course, this is only a guess.

him fall one afternoon while he was roller skating.

We drew a picture of a rabbit on Dan's head the other day and everyone thought it was a "hare."

Hugh McGarity was all doiled out in a new straw hat one Sunday of the last month. There's a reason.

Been wondering how Joe Witworth can smoke choice cigars. Tell us the secret, Joe!

Billy Oakes says that when a girl reading a dime novel begins to wet her lips then the hero and heroine are about to meet!

William Ruck was out recently on account of sickness.

Free Advertising

Note: A free advertising service is available for all employees of Pepperell.

Advertisements should carry the street address or 'phone number, your name and the room in which you work. Your name will not be published unless requested.

Welding and Brazing

I am prepared to do welding and brazing after hours at reasonable rates to all. Satisfaction guaranteed.

WILLIAM VERMETTE,
245 Lincoln St., Saco, Maine.

Last Month's Problem

The head of a fish is 3 inches long, his tail is as long as his head and half of his body, his body is as long as his head and tail together. How long is the fish?

Ans. 24 inches

This Month's Problem

How can a man plant 19 trees in 9 rows, with 5 trees in each row?

Accidents per 100 Employees in Biddeford, Lowell and Lewiston Divisions. Only Accidents involving Lost Time beyond date of injury are counted.

LET'S MAKE A BETTER SHOWING THAN LAST YEAR

	1927	THIS YEAR											
		Jan.	Feb.	Mar.	Apr.	May	June	July	Aug.	Sept.	Oct.	Nov.	Dec.
Biddeford	5.8	6.1	6.2	.8	2.0	1.2	2-6	6.8	?				
Lowell	4.8	4.1	2.4	5.3	3.1	4.	3.3	4.4	?				
Lewiston	4.2	1.6	5.1	1.7	3.6	10.8	3.6	1.9	?				

Thsee Members of the Old Timers Safety Club.

Does Safety Pay? We might well put this question to the three handsome gentlemen portrayed above from the Lowell Division; here we have Charlie Boutlier, Dave Thomas and Ellsworth Sweat, the latest appointments to that well known honorary society of safe workers. These men have all their lives pursued industrial occupations as hazardous as any we have and have accumulated for this company the noteworthy total of one hundred and two years without a serious accident. There may be better records than this as a group or singly but we haven't heard of them yet. Let's hear from the other divisions on this.

Ellsworth Sweat has been on the job for thirty-two years, working up from an apprentice boy to boss carpenter. He expresses the opinion, and he is right there, that safety is a matter of habit with some—and that his thirty two years of accident free service can be attributed to the acquiring at an early age of this safety habit.

Charlie Boutlier is an A-1 mechanic on all types of mill machinery and has given thirty-four years of faithful service to the company. With all modesty Charlie does not attribute his remarkable record to smoking "Old Golds" or "Lucky Strikes" but rather to careful thinking and plain common sense in his every day work. Wouldn't you just know by looking at the picture that common sense would be his middle name.

Dave Thomas, an all-round machinist, has succeeded in placing the Indian sign on Old Man Carelessness and keeping it there for the amazing total of thirty-six years. In spite of the more than average hazard of his occupation today finds him with all the hands, fingers, toes, eyes and other useful equipment he started with in good order. Dave says: "Some people think I'm just lucky, but you can't do the stuff I've been doing for thirty-six years on luck alone. I learned early that there was a right and safe way to do every job—and right and safe tools to use on that job, and that some of those who think they are unlucky just don't bother to find out the right way to do things."

These men are all members of the Safety Committee at Lowell—and the steady, even progress in accident control there is in a large measure due to their efforts. There is no doubt but that they've got the number of "Old Man Carelessness." Taken individually and as a group this record of more than a century of safe working is one to be proud of and we are pleased to congratulate Ellsworth, Charlie and Dave.

Two germs
Were watching a man
Fooling around
With a cut in his hand.
One germ
Said to the other
Stand back
It's my turn, brother.

Accident Chart

Well, look what happened to Biddeford this month! The leaders at the half-way mark have apparently done a fine job of "blowing up"—and how! It all goes to show that you can't get too cocky and sure of yourself in this business of accident prevention—for the minute you start to figure out how good you are "Old Man Carelessness" is pretty sure of slipping you a couple of fast ones. The old boy evidently slipped Biddeford six fast ones that they couldn't handle and six employees, we hope, will know better next time.

We shall tell you more about these six at a later date, for we can all with profit to ourselves learn more about accidents that served no other good purpose and never needed to happen. Lowell is plugging along in the middle position and there is little danger that they are feeling any too satisfied with their progress. We are pleased to to correct on the "score-board" Lowell's progress for June which was erroneously reported as 4.4 when it should have been 3.3—quite a little better.

Lewiston, last year's winner, has been hitting up a fine pace this last month and deserves a hand for the way they have made up for the grief they experienced in the month of May. It has reached our ears that Lewiston has made up its mind that it is going to show the other two divisions that there was nothing flukey about last year's win, by copping the honors again this year. Maybe they will, but we know at least one other division that's going to make them realize that they've run some race if they do.

All right, everybody, we all know what to do and how to do it safely. Keep traveling.

The Speeder's Song

Blow that horn, blow that horn, jump upon the gas!
O, what red hot fun it is another car to pass!
Roaring down a concrete road with surface smooth and fine,
Give her all that's comin', kid, we're touching eighty-nine.
Ninety-five, the meter says, the speed laws all are hash,
Holy sweet patootie, but we're headed for a crash!
Toll, oh bells, toll, oh bells, keep tolling all the day,
For another dumb-bell is being laid away.

How's this for hard luck! A California woodworking plant with 180 men had gone 192 days without a lost-time accident and looked good for many more. Then one day a gust of wind blew a board from a pile of lumber, striking a man on the head. His head was not seriously damaged, but the blow caused him to swallow a chew of tobacco. He lost 36 hours on account of seasickness.

Smithers (in a rage)—That man is the biggest fool in the world.

His Wife (comfortingly)—Henry, Henry, you are forgetting yourself.

SAFETY LEAGUE MEMBERS

The balance of the list of children who joined the Pepperell Kiddie Club with a "promise to look twice" before crossing the streets is given below. Many favorable comments were received regarding the safety campaign and organization which was completed on June 23rd.

OFFICE ITEMS

Forrest Earley has been approached with the proposition that he run for Mayor of Sabattus next spring on a wet platform but has declined as he is a teetotaler.

Margaret Moore will leave soon to enter one of the local hospitals where she will train to become a nurse.

Odri Dube spent his vacation on a tour of New England. Although he saw many beautiful places, he says that there is no place like home.

Arthur Cloutier and his staff have moved into their bright new quarters upstairs. We will miss Elmer Clark's jovial countenance.

Bernadette Deschene has returned after having enjoyed a wonderful vacation.

Will wonders never cease? We have seen Joe Michaud with his coat off. In justice to him, however, it must be said that the coat was removed only while he washed his hands.

Grace Hall's flower garden is now at the height of its beauty and is attracting a lot of attention from passersby. She has a varied assortment of flowers and plants, including ramblers, dahlias, geraniums, jack-in-the-pulpits, snapdragons, golden glows and baldwins.

Faye Davis enjoyed a delightful vacation at Bath where she tried out the new bridge.

Larry Egan, and his pearl bonnet, will take his vacation in September when he will visit our old friend, Charlie Garcelon, in Massachusetts.

WHITE FOLDING ROOM

Gilberte Martin attended a recent band concert on the City Park and speaks very highly of the entertainment.

Paul Lavigne has been acting as a sort of assistant to Omer Gauvin, manager of St. Mary's baseball team. Between them they have succeeded in booking two games so far this season.

Peter Perron has moved into his new home on Roy Avenue. Peter says that after much moving around he thinks that he has found the ideal place.

They say that Marty Norton is kept busy tipping his hat to young ladies on the street but if some of the boys ask him to arrange a party he doesn't know a girl.

Tom Meehan attended the Bleachery-Whirlwind baseball game and was loud in his praise of Pete Sullivan's coaching ability.

Edwina Martin and Lolo Dionne are planning to motor to Sherbrooke for Labor Day where they will visit some of their cousins.

HERE'S A MERRY BUNCH.
Alice Bernard, Ethel Spivy, Del Perry, Anna Cunion, Eva Martin and Lucia Bonin, all of the Sheet Factory.

Roland Lacombe makes a hit when he appears on the street with his white pants. Looks just like a painter.

Florence Cloutier has started saving her pennies. Christmas is coming right along, she says.

Roland Bouchard is seen quite frequently in the vicinity of Roy Avenue. Nice scenery there, eh Roland?

Jack Turner, of the Strawberry District, was in town last Saturday evening on his regular weekly shopping tour.

PACKING ROOM PICK-UPS

Wally Finn has returned from a tour of the provinces where he visited relatives.

Frank Nugent proved himself to be quite a second baseman when he played that position for Pete Sullivan's Whirlwinds. He is still receiving congratulations on his fine playing.

George Thompson is fast rounding into shape and should be just about right when the football season opens.

Ovila Goyette has been very busy with his haying. He would like to find a way to run his auto on hay.

John Finn is planning to attend the State Fair this year on Governor's Day. John is in close touch with the governor, and other leading officials, and avails himself of every opportunity to greet him.

Joe Cronin has put away his baseball paraphernalia until next season. Joe says that he will flash even more brilliantly next season than he did this. And that's going some.

Henry Fahey gave his dog a treat recently. He took him up to see Pete Sullivan's ball club perform.

GREY ROOM GOSSIP

Fred Barbour almost won a baseball pool recently but when the final returns were tabulated Fred was out of luck.

Pete Pelletier has put away his baseball equipment (a glove, pair of shoes and a cap) and will go into training for the pocket billiard season.

Frank Shufeldt spent a recent week-end at Lake Cobbesseecontee where he communed with Nature.

Francis King attended the French and Irish baseball series and was disappointed because no blood was shed.

Ludger Garneau claims that the biggest fish that he ever caught was one that got away from him last week.

A CORRECTION.

We print below a picture of Charlotte, daughter of Mr. Fred White. By error the picture on page 13—which is an excellent picture of Claire Celeste Nichols, daughter of Arthur Nichols of the Biddeford Plant—was placed over Charlotte's name. We trust we will be pardoned.

CHARLOTTE.
Daughter of Fred White, is giving her dolly an airing.

PROF. SAMMY STETSON AT THE BALDWIN

NAPPING ROOM

Bill Leger visited Sabattus last Sunday and enjoyed a dip in the sparkling waters of that lake.

Louis Bosse has returned from Island Park where he picked up several of the latest jazz tunes which were lying around loose.

Emile Morin has resumed his nightly strolls around East Avenue. During these strolls Emile stores up enough fragrant ozone to last until the next evening.

Oscar Wessenger enjoyed a recent motor trip in John Murphy's Studebaker. All points of interest in Central Maine were visited.

Arthur St. Pierre is getting his right arm in shape for a busy season on the bowling alleys.

Laurence King will attend the Firemen's muster at Oquossoc on Labor Day.

Don't kid about Safety—you may be the goat.

FRAME ROOM

Tom Driscoll was host to a week-end party recently at his Lake Sabattus cottage. Tom gave the boys a royal good time as per his usual custom.

Tony Pleakie expects to land quite a few wrestling bouts during the coming season as several big promoters have read of him in the Pepperell Sheet and are writing him for terms.

Neil Conley enjoyed a recent motor trip to South Harpswell where he wrapped himself around a shore dinner.

Dan Sullivan is rooting for Connie Mack's Athletics to come through in the American League.

Billy Middleton will spend Labor Day at Wells Beach where he will visit friends.

AROUND THE YARD

Pete Sullivan, the Jessie Burkett of local amateur baseball circles, says that he never knew that it was so much fun being a manager.

Tim Driscoll visited Grover Keene at Old Orchard recently where they inspected Cleaves bowling alleys.

Teddy Bonneau will motor to Norway on Labor Day where he will renew acquaintance with several of the townsfolk.

Fred Chandler has divested himself of several pounds of excess baggage during the hot weather and should be in great shape for the volley ball season.

Tom Kelly motored to Camp Gregory to root for the Bleachery team but is saving his rooting for next season.

STOREHOUSE TRUCK

Jack Paradis will take part in the firemen's muster at Purgatory Mills on Labor Day.

Gideon Beaulieu has returned from a visit to the White Mountains. He made the trip on his bicycle.

Al McClure is trying to organize a band among employees of the Bleachery and already has signed up one flute player, an accordion player and a brass drum player.

Tom Johnson has returned from a delightful vacation spent at Providence, R. I.

Mike Davis counted 1,132 motor cars passing his Main street home in one evening.

BOX SHOP SHAVINGS

Babe Renaud was the recent guest of Bill Keene at Cleaves Bowling Alleys, Old Orchard.

Anthony Cormier will visit Old Orchard on Labor Day and will assist at the closing festivities of that popular resort.

Johnny Coughlin has been approached by representatives of a well-known safety razor concern regarding writing testimonials for their products.

Somebody discovered that Tim O'Leary was a star baseball pitcher but our season had closed so Tim will have to wait until next summer to display his wares.

COLORED FOLDING ROOM

Grace Martin enjoyed a recent motor trip to Merrymeeting Park.

Wilfred Houle attended the recent French-Irish baseball game and was very much disappointed at the result.

Esther Crowley will visit friends at Snug Harbor on Labor Day.

Joe Pelchat attended the outing of the Cercle Commercial at Bay of Naples and took part in several of the athletic events.

Harry Walker entertained Jack Leahey at his East Auburn home recently. Jack was very much interested in the modern farming devices which are a part of the Walker estate.

Pete Michaud has returned from a visit to Berlin, N. H. While there Pete visited several friends and relatives.

With the Sheet Factory Poet

Have you seen the nice new car
Belonging to our Florence?
She got it 'cause she says, one day
The rain came down in torrents!
Most washed poor Florence overboard.
We really tho't we'd lost her.
She said then and there—She'd have a closed car
No matter what it cost her.

Our Arelina's gone and done it,
In spite of all we've told her.
We hope she won't ask our advice,
When her true love grows colder.

Pearl Blanchard is the next one
To make the fatal blunder.
She thinks, just now, that love is grand,
Will she always think this way?
We wonder!

Have you seen our farmer?
Alcide is his name.
He packs the bundles all day long
But haying is his best game.

Maurice is an awful Sheik,
The patent leather kind.
He says he don't like girls at all,
But we fear he's changed his mind.

Harry Deforge is another,
The loud-speaker of our room.
You just ask him for boxes once,
Then listen to the echoes boom.

Tessie's got a brilliant tan,
She got on her vacation,
We think she also got her man,
But she's not giving information.

Millie's made a great hit
With those dusky boys
Who are working on the roof,
Making lots of noise.
You ask if they're good looking
We'll refer you to Millie's place
For she's the only one who's seen them
When they've washed their face.

Florence went out riding
In her Chevrolet.
She bought a watermelon—
At least that's what they say.
It cost her but a little,
Nine and thirty cents in all.
And the change she got from forty,
She gave to her kiddies small.

Last but not the least comes Sammy.
We are trying his soul to save,
For when things go wrong,
Oh, man! Oh, Boy!
You should hear Sammy rave.

HEMS AND HAWS FROM THE SHEET FACTORY

Papering Dept.

Ida Jacques is enjoying a two weeks vacation in Canada. By the cards received we judge that she is surely "having a good time."

Tessie Allen spent two weeks at Camp Ellis, and from all accounts, she had a good time—week-ends especially. Anyway she brought back a good coat of tan.

Florence Nelson, in company with her

ROAMING THROUGH THE WILDWOOD

Here we have Dora McGraw and Imelda Daigneau, of the Sheet Factory, accompanied by a friend, Mrs. Leo Soucy.

A REMINDER OF OTHER DAYS.
When Dennis Cronin was yard foreman and Tim Driscoll was nurse to the big Mack Truck.

husband and young son, motored to Massachusetts in her new Chevrolet. She says the roads are rather bumpy in some places, otherwise she had an enjoyable trip.

Mildred Forrest says that the next time that she has an invitation to go to Island Park to a dance, she is going to be sure of a ride all of the way home.

Sheet Factory Girl Weds

On July 23, 1928, Miss Arlene Mercier became the bride of Felician Nadeau. The wedding took place at 6 o'clock in the chapel of St. Peter and St. Pauls church. The bride was given in marriage by her uncle.

She is the daughter of Mrs. Albertine Mercier of Knox St., and has been employed in the Papering Dept. for over a year. Her many friends wish her much happiness and prosperity.

The bride wore a gown of white georgette and imported lace, and her veil was caught with orange blossoms. She carried a lovely bouquet of Sweetheart Roses.

Mr. and Mrs. Nadeau left for a trip to Canada.

The bride-to-be was tendered a pre-nuptial shower on Friday evening, July 20, at the home of her aunt. She received many pretty and useful gifts.

Before she left the Bleachery she was given the customary "ride" before the employees of the Sheet Room. She afterwards estimated that there were "thousands present." When she was brought back to her own "dusty corner" she found a shower of tin-ware around her place. Her many friends presented her with a lovely week-end case filled with dainty lingerie. Among her "souvenirs" was a miniature gift box of Lady Pepperell sheets and pillow cases, made and presented by one of the girls.

ONE OF OUR VETERAN EMPLOYEES.
Mrs. Mary Korytko is one of our most faithful employees. She is always on the job, rain or shine.

Miscellaneous

Tom Norton has returned from a vacation spent in Boston. While there Tom conferred with several well known brokers regarding his vast holdings.

Now that the Bleachery baseball season is at an end Elmer Griffin will rest easier. Griff worked hard for the team and succeeded in putting a very good outfit on the diamond.

Howard Call motored to Pine Point recently and enjoyed a dip in the briny.

Tom Lonergan has returned from a vacation during which he visited all of the nearby resorts.

Stanley Wells has made several trips to the Lower Lincoln Street section recently. Perhaps to inspect the Gas House.

Baseball

The Industrial League season was brought to a close on Friday, July 6th, when the Cushman-Hollis team grabbed a game from the Bleachery outfit. The Bleachery players were away off form both in the field and at the bat, getting but three hits off Stevens. This game put the shoe team in first position, winning six games and losing none, while the Bleachery boys had to be content with second place.

The score:

CUSHMAN

	AB	H	O	A

Libbey Mill	1	3	.250
Bates Mill	1	5	.167

After the Bleachery team had lost the pennant in the Industrial League, Pete Sullivan decided that he could round up a bunch of ball tossers from the plant which could administer a licking to the regulars. He proceeded to organize the Whirlwinds and on Friday, July 13, he and his cohorts journeyed to Camp Gregory where they took part in one of the best ball games seen on those grounds for some time. Henry Breen allowed the campers but two hits while his teammates were collecting seven. Pete's outfit was on the short end of a 5 to 3 score but displayed a stellar brand of ball.

The score:

								R	H	E
Camp Gregory	0	1	1	0	3	0	0	—5	2	1
Whirlwinds	1	0	1	0	0	1	0	—3	7	4

Batteries—Bagley and Mickey, Breen and Hurley. Umpire, Doherty.

On Monday, July 23, the Bleachery regulars travelled to Camp Gregory to cross bats with Neil Burke's outfit. Our boys were too anxious to make a better showing than the Whirlwinds had made the previous week and as a result just could not do a thing. The Gregoryites romped away with the game by a score of 14 to 2 and the boys are still wondering how it happened. The score:

								R	H	E
Camp Gregory	0	0	6	4	1	3	0	—14	16	0
Bleachery	0	0	0	0	0	0	2	—2	4	5

Batteries—Bagley and Hickey; Hennessey, Turcotte and Leighton. Umpire, Doherty.

The feature game of the season was the long-awaited clash between Pete Sullivan's Whirlwinds and the Bleachery regulars. This game was finally staged on July 26 and a record crowd was in attendance. The official score was 10 to 6 in favor of the Whirlwinds, although when the game was called on account of darkness in the first of the seventh inning, the count was 11 to 10 with the Regulars leading. The score, however, reverted to the sixth inning and Pete Sullivan performed a victory dance, accompanied by war whoops from Jack Leahey. The score:

WHIRLWINDS

Our Boys Could Do Nothing with the Curves of the Cushman-Hollis Pitcher.

CHARLOTTE.
Daughter of Fred White, is giving her dolly an airing.

Little boys with vivid imaginations occasionally unreel some good stuff in analyzing the different animals, both wild and domestic. A little fellow outdid himself on geese in the following essay:

"Geese is a low heavy bird which is mostly meed and feathers. His head its on one side, and he sits on the other. Geese can't sing much on account of dampness of the moisture. He aint got no Between-his-toes, and he's got a little balloon in his stummuck to keep from sinking. Some geese when they get big has curls on their tails and is called ganders. Ganders don't haff to sit and hatch but just eat and loaf and go swimin'. If I was a goose, I'd rather be a gander."

A Mexican and an American who work on the night shift of a Kansas salt plant eat their midnight lunch together. On several occasions the Mexican had rabbit meat in his pail, and he shared his supply generously with his comrade.

One night the American asked:

"Where you get rabbits, Jose? I can't find any."

"My wife, she gets 'em," Jose replied. "She say ever' night they come 'round the house and make noise. She shoot 'um."

"Noise? Rabbits don't make a noise."

"Sure," Jose asserted, positively. "Go 'meow, meow.'"

Addressing the bar of New York City, Morris Wormser, professor at law, Fordham University, and editor of the New York Journal of Law, recited the following as a sample of the doggerel of forty years ago:

I thank my God the sun and moon
Are both stuck up so high
That no presumptuous hand can stretch
And pluck them from the sky.
If they were not, I do believe
That some reforming ass
Would recommend to take them down
And light the world with gas.

Send in your comments and please secure some pictures or original cartoons for the next month's "Sheet."

"Hisay, Paddy, 'have yer seed my dorg hover 'ere?"

Big Dick, our husky blacksmith, says that he has a first-class dog collar and chain for sale. He bought them new for the purpose of restraining his newly acquired cellar hound. Unfortunately, while talking to some friends ? ? ? in Centraville, a while ago, the dog fell out of the collar and hasn't been seen since. Dick says it is very embarrassing to be seen exercising an empty collar and chain so he has decided to offer it for sale to the highest bidder. This is a very fine opportunity to obtain an A-1 collar and chain, and if anyone is thinking of getting a dog, they would do well to get this collar and chain and then buy the dog to fit it, thus saving the loss and humiliation, which Dick has experienced. Furthermore, with the loss of the cellar hound, it is becoming increasingly difficult to locate the new places, and as the old ones are getting pretty well diluted, it looks like a dry season ahead. Oh, well, it's an ill wind that makes everybody sick.

Satisfy yourself, there is no danger before you
Attempt to clean machinery,
For it runs so fast, that you can
Easily get caught,
Thus probably ruining
Your chances of a good livelihood.

—F. C.

The truth hurts and so would you if you were stretched as much.

OFFICE NOTES

Mr. Morrow is spending his vacation fishing at Lake Maranook, Maine, where we understand he is having great success pulling bass out of the lake.

Mr. Bassett spent the week-end in New Hampshire where he tested the water of Lake Winnipesaukee and found it just right. He also brought back what he calls a mosquito bite along with various other scratches. The New Hampshire mosquitoes must be quite vicious.

A meeting of the Peppcolo Bowling Teams was held in the Accounting office recently. The prizes were awarded to the winners. Miss Cassidy received a pendant for high single and Miss Shanks received a pendant for high three strings. Miss MacLean, Captain of Team A, received a silver loving cup for team prize. Refreshments were served in the most approved fashion. The meeting adjourned leaving everyone happy, especially the prize-winners.

Are you getting absent minded? We understand that a certain member of the Pepperell family went away recently and left the lights burning at home.

Some one we know has regained his boyish figure. Are you afraid the old clothes won't fit otherwise? (WHEN YOU GET THEM.)

Miss Bisbee is also among the absent and we hope she is having a very pleasant vacation.

HIH is having a divided vacation this year, part of it is to be spent down the Cape and the other part in Maine. It is a lucky thing for you that your Chrysler has wings, Helen, otherwise you could not cover so much territory.

Our Graduation fan has turned into a Wedding fan also. She has just attended her third wedding this season. If you keep on at this rate G. R. H. C. you will certainly need a vacation.

There has been something missing around the office for the past week. After spending much time trying to think what it could be and after asking a few pointed questions we have decided that the missing article is nothing but the much-talked-of hat. We didn't think we could miss it so when it was gone.

CARD ROOM ITEMS

We hear that the Carding Department has its sheik in the person of Joe of the Opening Room.

F. Boyle spent the week-end at Portland, Me., visiting his son, John, who is at the C. M. T. C. camp there.

Jim was out sick last week. We are glad to see you back again, Jimmie.

Arthur is still as enthusiastic as ever about airplanes and our new airport.

We hear that Bill Regan and W. Nowak like night work because they can sleep all day. ? ? ? ?

Mary Wilk, our Fine Frame Tender, has been out sick for the last few weeks. We all wish her a speedy recovery.

Stephen Brady left us last month to join the Battery at Camp Devens. At present he is home on a vacation.

Buster Duggan, Tom Brady and Tony McDonald spent their vacation at "Palm Beach" at the Navy Yard.

We would like to hear more from the boys on the Woolen Cards.

Eddie Garrigan ought to be able to supply us with some material for the Pepperell Sheet. Come on, Eddie, we're all with you.

George G. went to the beach the other Sunday and got See Sick.

Four-year-old Jimmie was sulking on the front steps when his father came home from work.

"What's the matter, Jimmie?" he asked.

"Nothing," gloomily replied Jimmie.

"Come, now be a sport, what's the matter?"

"Oh, I just had a row with your wife," replied Jimmie.

Asked to write an essay on Quakers, a little girl wrote:

"Quakers are very meek people who never fight and never answer back. My father is a Quaker, but my mother is not."

Joe: "Ernest, my boy, was arrested for stealing. Will you take the case?"

Preoccupied Lawyer: "Send it around to my office."

"He's Scotch, isn't he?"

"Is he Scotch? My dear, he gets only his right hand manicured. He can do the other one himself."

"Are you sure your invention is going to work, Basil?"

"I'm not sure of anything except that if it doesn't, I'll have to."

The musician: "Yes, I wrote a song for her telling her how much I loved her and all that and she sent it back to me to write a chorus."

The Artist: "What for?"

The Musician: "So all the others could join in."

Lindale Pepperell Junior Baseball Team Going Strong

The following letter was received by Mr. Sanford from Mr. Meikleham, Agent of the Lindale Plant:

"I am mailing you, under another cover, a picture of the Pepperell Junior Baseball Team, that won the State championship, also an article in the paper about them, and an editorial in regard to them. They will play in Atlanta, Aug. 14th and 15th against all the southern States. I believe they have a good chance of winning this, and will then go north and play against the east, then the elimination contest will be the east against the west. The winning team will be the guests of the American Legion at the World Series."

All Honor Is Due to the "Little Pepperells"

Playing a double-header in the semi-finals and finals in the Georgia State American Legion sand lot baseball championship in Macon, Tuesday, the Little Pepperells of Lindale, winners of the Rome Legion league and the district championship, return to Rome today with the state honors.

Playing the kind of baseball that makes the game the great American institution it

Top row, left to right—Smith, Bramlett, Lumpkin, Russell, Patterson, Glozier.
Middle row—Johnson, Gaston, Head. Smith, Perry.
Front row—Battson, Baker, Blalock, Noles.
Bat boy—"Pickles" Leach.
Rev. Tanner.

is the Floyd county boys showed their dust to the best baseball teams in the state and are now entitled to play in the regional tournament to determine the best boy team in the southeast.

Rome, Lindale and all Floyd county feels proud of the youngsters and appreciate the honor that they have brought home. The team is sponsored by the Shanklin-Attaway post, American Legion, Rome, who will now take them on as far through the national contests as they can go.

Lindale, when next playing in an American Legion baseball tournament, will belong to the state of Georgia and not to any one town or section. The boys will be representing the Georgia department of the American Legion and every one of the several thousand former soldiers in the state feel proud of their representatives.

The next tournament will be held in Atlanta on August 14 and 15 and the state champions of Louisiana, Mississippi, Alabama, Kentucky, Tennessee, Georgia, Florida, North and South Carolina and Virginia will compete for the honor to represent the southeast. May Lindale win.

LINDALE "LITTLE PEPPERELLS" WIN STATE CHAMPIONSHIP BY DEFEATING CONTENDING TEAMS.

Macon, Ga., July 31.—(Special)—The scrappy Lindale nine boasting the Pepperell sign across their uniforms, swept through all the opposition entered in the American Legion baseball tourney here today and by winning two distinct victories left the heart of Georgia heralded as state champions.

The Millers opened their day's work by sending the East Macon Lions down to defeat by smothering the local lads under a barrage of some 23 hits which totaled 18 runs to 9. Not through with the savage attack, the Lindalians again took the field at Centennial stadium at 4.30 o'clock to administer a licking to the fast Covington nine by an 11-8 count, and taking back to North Georgia with them the June championship of the grand old state of Georgia.

With only a few minutes of rest after pasting the realty kicking into the Macon Lions the Lindale Juniors opened hostilities in the final battle by getting off to a 5-1 lead in the third inning. Two more well earned counters were added to this total by the fifth inning, but the opposition soon found Gaston's chunking to their liking and five markers crossed the platter to make the score read 7-8 Lindale.

Fighting an uphill battle all the way, the Covington youths took the lead in the seventh frame by annexing two more runs but this lead was short-lived as the winners came back in their half to push a trio of counters over and again take the lead. Another score was marked up for the victors in the ninth, but the losers found the going rounds the rest of the way, winding up some three counters to the rear of the Lindale contingent.

The all-round work of Russell in centerfield for the winners was outstanding, the youngster pooled out a quartette of bingles during the tilt, crossed the plate twice and scintillated in the center garden. King, for Covington, sent out a home-run in the second inning, while Belcher in left field bingled safely thrice.

The Covington juniors led in the stick work for the afternoon, acquiring a total of fifteen blows during the championship embroglio to the winner's eleven, but heady base-running and inside baseball gave the title to the North Georgians.

In the matinee the East Macon Lions after gaining heart with a four-run rally in the initial frame at the same instance knocking Percy out of the box were beaten down in the latter innings by an avalanche of hits from Lindale bats that could not be denied. The Pepperells wielded the willow for some 23 safeties to turn in a dozen and a half markers, Bramlett, Gaston and Smith obtained four hits each in the swat fest, while Smith, chubby Macon first sacker, was a thorn in the side of the champions with three out of five.

The Lindale outfit is a classy one, and was too good for the other seven entries, All of their triumphs were impressive and they should go far in the regional meet which will be held in Atlanta, August 14.

The scrappy Pepperells have been showered with congratulations following their comparative easy victories today.

A Baltimore lawyer received the following letter from a client:

"Dear Sir: My boy got struck by an automobile, number 4872 6B. If the owner is rich, sue him at once. The boy wasn't bruised any, but on your notifying me that you have brought suit, I will hit him in two or three places with a hammer."

Lady PEPPERELL

SHEETS *and* PILLOW CASES

108
4
432

YOU MAY CALL IT BED-LINEN ARITHMETIC

but it saves you money in the end as you can figure out

THE promise of extra wear which is woven into every Lady Pepperell sheet is a very real promise. You will find it there in actual cotton cloth — yes, more cotton cloth than is usually found in a sheet as modestly priced as this aristocratic bed-linen.

For every single inch of Lady Pepperell fabric has four additional threads of pure, fine spun cotton to add strength and long life to the fulfillment of that promise.

These extra threads run across the sheet where the strain is greatest and in a 108-inch sheet-length means that you really have 432 more threads to stand the wear and tear.

Unusually fine texture, plus a sturdy selvage and a dainty marking tag to assist you in quickly identifying the different sheets for each bed, all have contributed in making Lady Pepperell Sheets and Pillow Cases so desirable — a lady's bed-linen for a lady's bed.

LADY PEPPERELL SHEETS *and* PILLOW CASES *are made in Biddeford by a group of men and women who live in Biddeford and know how to make good, honest sheets.*
